# THE ART OF FIRE

A stove from RAIS is more than just an efficient and eco-friendly heat source. It is a Nordic design object blending aesthetics and technology - a sculpture for your home. We call it THE ART OF FIRE.

Regardless of your preferences, there is a RAIS stove for any space and décor. From wood-burning stoves to gas stoves and inserts.

Be inspired – find your favorite!

# RAIS<sup>®</sup> WOOD

## WOOD STOVES

RAIS stoves are not like the rest.  
They stand out from the crowd  
and in your home.

# RAIS NEXO 100

reddot design award  
winner 2017

## RAIS NEXO

RAIS Nexo is the essence of clean lines and streamlined design. It features a very large glass front and a large chamber, allowing you to truly enjoy the fire. A highly modern stove that excels in quality, combustion efficiency, and environmental performance.

# RAIS NEXO 120

RAIS Nexo 120 is a taller version RAIS Nexo, featuring the same elegant and minimalist design. The large glass panes provide a stunning view of the flames, putting the fire itself at the centre of attention.

RAIS NEXO 120 - WITH SIDEBENCHES

Q-TEE 2 TALL LEGS

## RAIS Q-TEE 2 INSERT

The RAIS Q-Tee 2 insert is remarkably pure in style, presenting a range of architectural possibilities for creating unique, classic solutions in the modern home. Choose between glass door or classic steel door.

Eco-friendly RAIS Q-Tee 2 offers a multitude of expressions. Choose your favorite base option to change its look entirely. Available with an all-glass door or door with steel frame.

RAIS Q-Tee 2 is also available in an insert version.

# RAIS Q-TEE 2C

RAIS Q-TEE 2 C - BASE - BLACK

RAIS Q-Tee 2 C is a very clean burning non-catalytic stoves available. The C refers to the stove's elegantly curved glass door and rounded sides. Choose between an all-glass door or door with steel frame, as well as several base options.

RAIS Q-TEE 2 C - SST

## RAIS Q-TEE 2 C SST

With stunning soapstone panels, this stove brings a touch of nature and exceptional warmth into your space. Its nearly 400 pounds of stone retain and radiate heat for hours, keeping your surroundings warm long after the fire has burned down. Choose between an open or closed firewood storage compartment for added functionality and style.

# RAIS<sup>®</sup> GAS

## GAS FIRE PLACES

A true fireplace experience with just the click of a button.

It's convenient, cozy, and comfortable.

Available for natural gas and LPG gas.

RAIS VIVA L 100 GAS- WITHOUT SCREEN

# RAIS VIVA L GAS

Enjoy an authentic fireplace experience with iconically round and freestanding RAIS Viva L Gas. Turn the fire on and off and adjust the flame size and temperature with a flick of a button. Choose between two different heights (100 & 120 cm), two different colors and optional side glass.

RAIS Viva L Gas comes standard with a safety screen.

## RAIS VIVA L 100 GAS

RAIS Viva L 100 Gas features a round, sculptural form and a simple, yet striking design. The large, curved glass door allows you to enjoy the fire from any angle in the room.

RAIS VIVA L 120 GAS - BLACK - WITH SCREEN

## RAIS VIVA L 120 GAS

RAIS Viva L 120 Gas stove series shares its iconic round design. Viva L offers a cozy fireplace atmosphere and extended view of the flames through the elegantly rounded glass.

RAIS Viva L Gas comes standard with a safety screen.

RAIS VIVA L 120 GAS - BLACK - WITHOUT SCREEN

RAIS CARO 90 GAS - BLACK - WITH SCREEN

## RAIS CARO 90 GAS

RAIS Caro Gas is lightweight and elegant in its expression, offering the ultimate experience with a beautiful view of the flames and efficient heating.

Caro is the perfect choice for smaller spaces where it is necessary to prioritize space, making it ideal for summer cottages.

## DESIGN MEETS NATURE

Nestled in the heart of the Adirondacks, this a-shaped cabin, designed by Rob and Melinda @adkaframe, perfectly blends modern design with a warm, organic feel, inviting the beauty of the outdoors inside through a striking south-facing window wall. The contemporary style of the RAIS Viva L gas stove complements the cabin's design, making it the perfect focal point during the dark, chilly winter nights. Chosen for its compact size and remote-controlled convenience, the stove ensures ease of use for all guests.

## COTTAGE BY THE SEA

Right by the water, along the narrow shoreline, lies a truly special home: an old fisherman's cottage from 1771. To honor its history, the house retains its thatched roof, low ceilings, and an abundance of charming details. By the fire in the living room, everything feels peaceful and calm. Here, the elegant and efficient RAIS Q-Tee 2 GAS provides warmth and comfort, even on the stormiest days – with just a simple click.

# OUR DESIGN HERITAGE

For generations, Danish design has been recognized around the world for its fusion of functionality, quality, simplicity, and craftsmanship. At RAIS, we are inspired by our rich heritage, and our products carefully reflect the Danish design tradition.

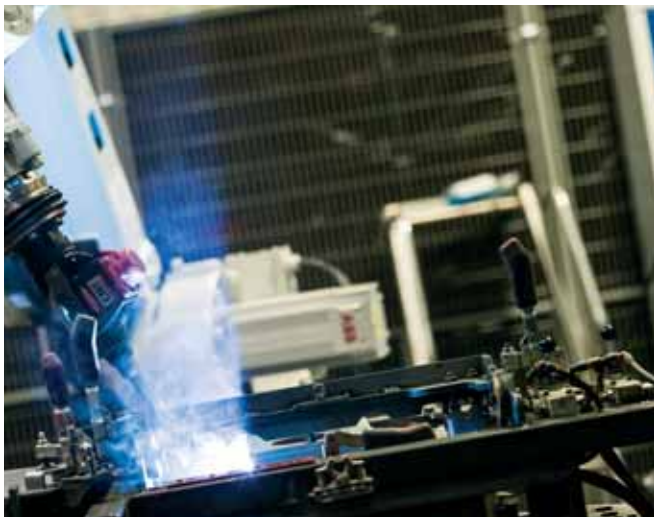

## SPECIFICATIONS

The following pages comprise recommendations, specifications, and technical data for each of our stoves. The information is for your guidance only.

Before installing your new stove, we strongly advise you to read the user manual for the specific stove and to give careful attention to the recommendations applicable to the stove in question.

Due to continuous technical development we reserve the right to make changes to specifications, colors, and equipment without prior notice. We will not be held liable for misprints, text errors, pictures and specifications.
